- This version of our Referral Rewards program is effective beginning with the 2012 Summer Camp and the 2012-13 Academic Year. If a referred Cadet was enrolled in the academy during the 2011-12 Academic Year eligibility for his referral falls under the previous referral program, which had slightly different terms.
- The Marine Military Academy reserves the right to discontinue or modify the Referral Rewards program at any time and for anyone.
- If a referred new Cadet tells MMA that there were multiple referral sources (as stated above within Who can participate?), referral sources will be verified, once approved by MMA, the one-time tuition reduction will be divided evenly amongst the confirmed referral sources in the same manner it is provided to a one person referral.

# “Be a friend... RECOMMEND!”

Keep in mind acceptance to the Academy is based on a number of factors—prior academic history and curriculum, health history and potential.
